NIMBUS GROUP UNVEILS NEW NIMBUS W11 AT CANNES YACHTING FESTIVAL

Nimbus Group's AB (publ) brand Nimbus is now for the first time showing the new Nimbus W11 from the existing WTC series. The premiere takes place at Cannes Yachting Festival, which starts tomorrow, September 12.

The boat was first presented at the Boot Düsseldorf fair in January this year but is now shown to the public for the first time. W11 is an evolution of the weekend boat W9 (W stands for weekender) and has both greater space and increased comfort. New features include a new and larger aft lounge area with flexible and adjustable seating arrangements, multiple sunbeds, outdoor kitchen, gyro stabilization, larger storage and a generous amount of deck space allowing for maximum freedom of movement on board.

The development and launch of new products are key elements in Nimbus Group's strategy for growth. Over the past two years, Nimbus Group has presented several new products, including a completely new series of boats from the Aquador brand, new models from Alukin and also the new Nimbus 465 Coupé, the largest Nimbus brand boat developed to date.
